

# ROSENGARTEN TREKKING

## DOLOMITES

This tour will allow us to walk among a real dolomite landscape, drawing a circle around the highest summit of the massif; Catinaccio d'Antermoia. The first day we will take a jeep transfer, through Duron Valley, to reach Micheluzzi hut, start point of our track to Antermoia hut, located nearby the homonymous and beautiful lake.

The following day will be dedicated to walk up to Cima de Laussa (2.876 m. – panoramic point of view and maximal elevation of our tour). Then the track will continue down on the other side to Passo Principe hut and to the sunny Alpe di Tires.

During the last day we will have time in the morning to go up to Cime di Terrarossa (2.655 m. – geologically curious volcanic origin) before the long way down to the departure point.

### PROGRAM:

**Day 1°:** meeting at Campitello di Fassa, jeep transfer to Micheluzzi hut and walk up to Antermoia hut. Overnight stay. D+ 800 m.

**Day 2°:** walk up to Cima de Laussa, downhill to Passo Principe hut and back up again to Mollignon pass and Alpe di Tires hut. D+ 700 m.

**Day 3°:** hike up to Cime di Terrarossa and get back to the village through the Duron Valley. D+ 400 m.

*Program could be changed cause organization problem or meteorological conditions.*
